Corporate Controller and Principal Accounting Officer

Press Release of Hurco Companies, Inc. dated March 7, 2014.

FOR IMMEDIATE RELEASE FRIDAY, MARCH 7, 2014

HURCO REPORTS FIRST QUARTER RESULTS

INDIANAPOLIS, INDIANA — March 7, 2014, Hurco Companies, Inc. (Nasdaq Global Select Market: HURC) today reported results for the first fiscal quarter ended January 31, 2014. For the first quarter of fiscal 2014, Hurco recorded net income of \$2,369,000, or \$0.36 per diluted share, compared to net income of \$2,254,000, or \$0.34 per diluted share, for the corresponding period in fiscal 2013. The increase in net income was attributable to a 16% growth in sales and service fees year-over-year. Orders for the first quarter of fiscal 2014 were 12% higher than the first quarter of fiscal 2013.

Sales and service fees for the first quarter of fiscal 2014 were \$50,970,000, an increase of \$6,885,000, or 16%, from the corresponding prior year period. The increase in sales and service fees included a favorable impact of \$600,000 primarily due to a stronger Euro when translating foreign sales to U.S. Dollars for financial reporting purposes.

The following table sets forth net sales and service fees by geographic region for the first quarters of fiscal 2014 and 2013 (in thousands):

Net Sales and Service Fees Three Months Ended January 31,

			\$	%
	2014	2013	Change	Change
North America	\$ 16,293	\$ 16,252	\$ 41	0%
Europe	29,234	24,670	4,564	19%
Asia Pacific	5,443	3,163	2,280	72%
Total	\$ 50,970	\$ 44,085	\$ 6,885	16%

European and Asian Pacific sales increased during the first quarter of fiscal 2014 by 19% and 72%, respectively, compared to the corresponding prior year period. The overall improvement in sales was primarily driven by increased orders and shipments in Germany and China. European sales and service fees included \$1,676,000 attributable to sales of electro-mechanical components and accessories manufactured by Hurco's Italian-based subsidiary LCM Precision Technologies (LCM). Hurco acquired this business on July 1, 2013. LCM products accounted for 6% of Hurco's sales in Europe for the first quarter of fiscal 2014. Asian Pacific sales in the fiscal 2014 period benefited from a multiple machine order from a customer in China totaling approximately \$725,000, or 13% of total Asian Pacific sales.

Orders in the first quarter of fiscal 2014 increased by 12% compared to the corresponding period in the prior year. European orders included \$3,357,000 of LCM products for the first quarter of fiscal 2014, or 9% of total orders for Europe. European and Asian Pacific orders in the first quarter of fiscal 2014 were higher than those reported in any of the previous four quarters of fiscal 2013, even when excluding orders for LCM products. The impact of currency translation on orders booked in the first quarter of fiscal 2014 was consistent with the impact on sales.

The following table sets forth orders by geographic region for the first quarters of fiscal 2014 and 2013 (in thousands):

Orders Three Months Ended January 31,

			\$	%
	2014	2013	Change	Change
North America	\$ 14,572	\$ 14,613	\$ (41)	0%
Europe	36,511	30,696	5,815	19%
Asia Pacific	6,011	5,792	219	4%
Total	\$ 57,094	\$ 51,101	\$ 5,993	12%

Hurco's gross profit for the first quarter of fiscal 2014 was \$13,919,000, or 27% of sales, compared to \$12,916,000, or 29% of sales, for the prior year period. The increase in gross profit was attributable to the increase in sales, including LCM products. The decrease in gross margin year over year was primarily due to the effect of selling machines in the first quarter of fiscal 2014 that were manufactured in fiscal 2013 when fixed costs were leveraged over lower production levels.

Selling, general and administrative expenses for the first quarter of fiscal 2014 were \$10,600,000, or 21% of sales, compared to \$8,920,000, or 20% of sales, in the same quarter of fiscal 2013. The increase in selling, general and administrative expenses was due primarily to incremental operating expenses associated with the acquisition of the LCM business and changes in incentive compensation implemented during the first quarter of fiscal 2014.

The effective tax rate for the first quarter of fiscal 2014 was 28%, compared to the rate of 39% for the corresponding prior year period, due to changes in the geographic mix of income or loss between tax jurisdictions.

Cash and cash equivalents totaled \$47,993,000 at January 31, 2014, compared to \$42,804,000 at October 31, 2013. Inventories at January 31, 2014 were \$93,708,000, a decrease of \$1,552,000 from those at the end of fiscal 2013.

Michael Doar, Chief Executive Officer, stated, "I am pleased that Europe has shown some improvement from the economic disruption experienced last year. Historically, our business has depended on the premium reputation our products have earned in Europe, which makes us sensitive to changes in market conditions there. As for Asia, since China is the number one consumer of machine tools in the world, our participation is vital to long-term success. I am optimistic that our sales in China will increase as their market begins to embrace more complex manufacturing operations, which is where our technology benefits customers the most."

Hurco Companies, Inc. is an industrial technology company that designs and produces interactive computer controls, software and computerized machine tools and machine tool components for the worldwide metal cutting and metal forming industry. The end market for the Company's products consists primarily of independent job shops and short-run manufacturing operations within large corporations in industries such as aerospace, defense, medical equipment, energy, transportation and computer equipment. The Company is based in Indianapolis, Indiana, with manufacturing operations in Taiwan, Italy, and China, and sells its products through direct and indirect sales forces throughout North America, Europe, and Asia. The Company has sales, application engineering support and service subsidiaries in China, England, France, Germany, India, Italy, Poland, Singapore, South Africa and the United States of America.
